## RESEARCH INTERESTS

---

benchmarking and evaluation of large language models, cross-lingual and cross-cultural analysis, compositional generalization, knowledge-base semantic parsing, and natural language inference.

## EDUCATION

---

### University of Copenhagen

2021-Present (June 2024)

PhD in Computer Science, Natural Language Processing

Advisors: Daniel Hershcovich, Anders Søgaard

### University of Copenhagen

2018-2020

MSc in IT and Cognition

### Jilin University; Complutense University of Madrid

2014-2018

BA in Hispanic Philology

## EXPERIENCE

---

### Stanford University

09/2023-11/2023

Visiting Researcher

- Conduct research in comprehensive investigation and assessment of the extensive potentialities of large language models with Christopher Potts at Stanford NLP Group.

### Microsoft Research

01/2023-06/2023

Research Intern

- Led *AGTEval*, a bilingual benchmark designed to assess the general capabilities of large language models, primarily GPT-4, in human examination scenarios. This evaluation standard has been adopted by companies like Bytedance, Tencent, and Baidu for model assessment.
- Devised and led the creation of a human workflow platform utilizing GPT-4 for generating long-form content in AI + HCI situations, offering a customizable and scalable solution.

### Industrial and Commercial Bank of China

06/2016-09/2016

Data Analyst Intern

- Developed an information extraction system specifically for letters of credit transactions, establishing a pipeline to efficiently extract numerical data from various financial and commercial documents.

## SKILLS

---

<b>Programming Languages</b>	Python, Java, SQL, SPARQL, LaTeX, Visual Basic, Perl
<b>Frameworks and Tools</b>	PyTorch, TensorFlow, Keras, SciPy, Scikit-learn, NumPy, Pandas, Matplotlib, NLTK, OpenCV, Git, grep, Excel, Tableau
<b>Natural Languages</b>	Mandarin Chinese (Native), English (Full professional), Spanish (Professional), Danish (Limited working), Portuguese (Limited working), Italian (Elementary)

## HONORS & AWARDS

---

Excellent Student Leader & Second Prize Scholarship	2016
First Prize Scholarship	2015

## TEACHING

---

Natural Language Processing, University of Copenhagen	2022
Data Science (Machine Learning), University of Copenhagen	2021
Data Science (Database Design), University of Copenhagen	2021
Spanish Grammar, Jilin University	2018

## SUMMER & WINTER SCHOOLS

---

<b>University of Oxford</b>	Aug. 2022
Machine Learning Summer School	

## HOBBIES

---

Spanish Guitar, Russian Literature, Brazilian Music, Electronic Music Producer, World Heritage Traveller
